Requires:

- Establishing some shared priorities
- Strategic collaboration among institutions
WDC: Georgetown U, Holy Trinity, Gonzaga, Georgetown Prep, McKenna Center, Center of Concern, etc.
- Engagement between leadership of the Society of Jesus and leadership of Jesuit-affiliated apostolic works

1. What about Holy Trinity Parish's Timeline? Was there a "watershed moment" (as GC 32 was for the Society of Jesus)? Who were the people, what were the events that led to that moment? What shifts have taken place in our parish's consciousness and way of proceeding since then?

2. As a parish, where are we on the trajectory from "accompanying" to "advocacy" (Cf. schematic). Are we satisfied with that? If so, why? If not, why not?

3. What linkages already exist with other Jesuit works in the WDC area? In the East Coast? In the USA? Who are some of our other faith-based allies in advocacy for justice?

4. "Think globally, act locally." What are some of the issues of concern for us?
