

Catholic Brain Learning Platform

Catholic Brain is an online learning platform to help you find and provide resources for your class. It pulls content from a variety of sources that are appropriate for students in Pre-K through 8th grade. Every catechist has access to the site, which is also optimized for mobile devices, through Holy Trinity's paid subscription. Please do not share this access information outside of the RE program.

www.catholicbrain.com

User name: RECatechist

Password: Catechist123

On the site, you have access to:

Games

Songs

Prayers

Quizzes

Lesson plans

Online Bible

Videos

Printable activity sheets

Seasonal resources

We encourage you to spend some time surfing around the site. The search feature lets you filter activities by age. New content is added frequently.

Important Reminders:

- You can use the SmartBoard in your classroom to project material.
- Catholic Brain should not be a substitute for thoughtful lesson planning.
- If you use a printable, we can make copies for you, however, you should download it first and then send that PDF for rek8@trinity.org by Thursday.
