

Loyola Press Resources

Our textbooks have a rich variety of online resources for catechists to use – for background information on the day’s readings, ideas for class, family ideas you can share in your parent emails, videos to use, ready-made prayer services, blackline masters the staff can copy for you and vocabulary extender ideas you can use to help your students become more familiar with words from that week’s lesson. To access all of these resources (and so much more), go to
