

# 2020/2021 Tithe Grants

The tithe program (10 percent of parishioner's regular collections – offertory, pledge and holiday giving) seeks to address root causes of social injustice both locally and globally. The large grant focus this year focuses on the education achievement gap.

We are excited to partner with nine new organizations this year. All grant recipients are required to provide regular reporting on the grant. As always, thank you to our parishioners for your financial support. The tithe amount for 2020 was \$380,000. This amount is a result of your generous regular offertory and pledge collections. An additional \$45,000 was applied from social justice ministry funds, bringing the total to \$425,000. These supplemental funds were used specifically for organizations addressing food insecurity and homelessness.

## **Tithe Recipient Profiles**

Holy Trinity's tithe program seeks to address the root causes of poverty. The committee is also guided by the Apostolic Preferences: *Showing the Way to God; Walking with the Excluded; Journeying with Youth; and Care for Our Common Home*. We determine awardees in collaboration with members of the parish through prayer and discernment. This concrete and ongoing commitment to social justice is a priority among Holy Trinity parishioners and its careful and transparent distribution is an important responsibility of the Social Justice Committee.

## **Large Grant Recipients**

The focus of the large grant is the education achievement gap. The achievement gap is defined as the persistent disparity in academic achievement between minority and disadvantaged students and their white counterparts. Holy Trinity received 18 applicants for a large grant. Many applicants highlighted the additional impact COVID-19 had on learning for students, especially in communities of color.
