The Solemnity of the Most Holy Trinity

The Holy Trinity School Class of 2024 Graduates *Students For Others Take Next Big Step*

As Holy Trinity School's Class of 2024 prepares to graduate this week, two members of the class reflect on their years of Catholic school education.

Charlotte Holman:

Life as a student in a Catholic school is a unique experience that has had a profound impact on my personal growth and development. As a student, I have been immersed in an environment that values faith, community, and academic excellence.

The Catholic school system has always been known for its commitment to providing a holistic education that fosters not only academic achievement but also spiritual and moral development. Being a part of this community has helped me to become a more compassionate and empathetic person, as I have been exposed to the values of charity and service from a young age.

One of the most valuable aspects of my Catholic education has been the emphasis on building relationships with others. From teachers to fellow students, everyone in the school community is encouraged to treat each other with respect and kindness. This has created a warm and welcoming environment that makes me feel safe and supported.

Another important aspect of my Catholic education has been the opportunity to grow in my faith. Through daily prayers, liturgies, and religious education classes, I have been able to deepen my understanding of Catholicism and develop a personal relationship with God. This has given me a sense of purpose and direction that I believe will stay with me for the rest of my life.

The HTS Class of 2024 *continued from page 1*

Life as a student in a Catholic school has been an enriching and inspiring experience. I have been challenged academically and spiritually and have come out a better person for it. I am grateful for the community that has supported me throughout my journey and for the values that have been instilled in me. I have no doubt that my Catholic education will continue to guide me in all aspects of my life, and that I will be forever grateful for the opportunities it has given me.

“SO, AS YOU RECEIVED CHRIST JESUS THE LORD, WALK IN HIM, ROOTED IN HIM AND BUILT UPON HIM AND ESTABLISHED IN THE FAITH AS YOU WERE TAUGHT, ABOUNDING IN THANKSGIVING.”
(COLOSSIANS 2:6-7)

Ben VanFossen:

As a student at Holy Trinity, I have experienced many happy moments. From winning field day and the House cup to sharing Mass with my classmates, Holy Trinity has truly been a home away from home for me during my ten years here. It has provided a supportive community for me to grow academically and in my faith. It is a place where I have been challenged to expand my thinking and encouraged to be a person for others. I have felt lucky every day.

Holy Trinity School is a place that has nurtured my academic growth, providing interesting opportunities like learning to knit as my English class reads *A Tale of Two Cities*, experiencing performances at the Kennedy Center, exploring numerous museums, and offering challenging math classes. The most important thing, though, that has contributed to my success are the compassionate, hard-working, thoughtful teachers that show up each morning, ready to help us be our best selves. They truly are the greatest part of our community.

I cannot reflect on my time at school here without discussing how my faith has changed. I have

celebrated three sacraments as a student here, most recently Confirmation. From reaching across the aisle and holding hands with my fellow classmates during the Our Father at my First Communion Mass to our Confirmation retreat, I have always felt the love and support of the school and church community as I have explored my faith in God. My faith has deepened as a result.

Holy Trinity School is a place that encourages its students to seek understanding and explore subjects in new and interesting ways. From performing a play about the Solar System in fourth grade to building cells out of food in fifth grade to creating a documentary about a saint this year, I have been asked to consider new ways of looking at old subjects.

HTS has been a place that has shown me how important it is to be a person for others and to find opportunities to give back - both to those in need in the wider community and our community at school. I have made sandwiches for Martha's Table, packed meals for the homeless, sorted vegetables as part of a gleaning project, written letters to service members and first responders, and made snack bags for the hungry. I have also had the opportunity to serve as a House captain for Juana House this year, giving me the chance to build community among my fellow students and create bonds among lower and upper school students. It has been one the most rewarding experiences of my time at HTS.

From the first day I walked through the halls of Holy Trinity as a four year old until I walk out for the last time as an 8th grader, I have felt like a part of a community that has valued me and encouraged me to be my best. Holy Trinity has felt like home, and I cannot imagine who I would be if I had not had this community supporting me the last ten years. I know I will carry the lessons I have learned with me for the rest of my life.

We congratulate all of the class of 2024 as they graduate this week, and move on to some of the finest secondary schools in the area. The entire parish community is proud of you, and will hold you in our prayers!

Creation Care Corner

Celebrating the Anniversary of Pope Francis' transformational encyclical, Laudato Si'

“Care for Creation” and *Laudato Si'* (Part 2)

- The Pope’s encyclical, *Laudato Si'*, challenges us to re-think our relationship with nature.
- He reframes the environmental dialogue from a political discussion into language of faith. Creation, the natural world around us and all living things in it, is recognized as a precious gift from God to be revered by all.
- Our pervasive “throwaway” culture, combined with deforestation, and massive industrial and agricultural pollution is seriously degrading the earth, our common home.
- Francis also points out the solid scientific consensus that human activity is the main contributor to a warming climate and warns of a worsening crisis. Without change, additional harmful sea level rise, droughts, water shortages and negatively impacted crop yields are expected.
- Since the livelihoods of the poor will be most impacted, it becomes a moral imperative to take action.
- Pope Francis urges us to take action to mitigate these outcomes by working to protect our common home and by eliminating wastefulness in our lives.
